\* Rechargeable Battery Wand requires a charger. \*\*\* Custom PowerTouch wands lengths are available in one inch increments only, up to 56". Please specify length.  
\*\*\* Continuous Cord Loops come in 2-foot to 15-foot lengths in 1-foot intervals. Please specify length.

**SPECIAL INSTRUCTIONS**

The 5 or 6 Channel Remote can operate up to five or six blinds simultaneously, individually or in groups. **SPECIFY WHICH CHANNELS ARE ASSIGNED TO EACH BLIND OR GROUP OF BLINDS.** For example; program line 1 to channel 1, line 2 & 3 to channel 2, etc. If no channels are assigned, all blinds will be programmed to channel Motorized (circle one): Yes No

**Odysee Measuring Instructions Inside or Side Mount**

Use a steel tape to measure the opening at three different places, and use the narrowest dimension when ordering. Be exact! The factory will make the vanes narrower so they will not rub against the window casing. Measure the height of the window from the top (soffit) down to the sill.

**Outside Mount**

Use a steel tape to measure the exact length and width of the area to be covered. It is recommended that the blinds overlap the window by at least 1 1/2" on each side. When installation has no sill, allow the blind to overlap the bottom of the window casing by at least 1 1/2". Blind fabric will measure width indicated on the order form.

**Shipping Charges** - Comfortex will ship all orders for fabricated shades freight free via UPS, FedEx Ground or other similar method within the continental United States. Shades with widths of 98" or more do not meet the size and weight requirements of UPS or FedEx Ground are required to ship by motor freight. A Common Carrier surcharge will be added for all orders shipped within the continental United States which required to ship by motor freight. A per unit transportation surcharge will be added to all orders. See freight policy at [www.comfortexdealers.com](http://www.comfortexdealers.com) for more details and for freight policy for Hawaii and Alaska.
