* With Outside Mounts, allow 3" to 6" overlap on each side to minimize light gap. ** See below on split stack sliders.*** For each extension bracket, 2" will be added to the length of the valance returns for Outside Mount (OB) Sliders. **** For each spacer block, 1/2" will be added to the length of the valance returns for Outside Mount (OB) Shades.

Ovation Stacking Options

- L = Left or R = Right Fabric stacks to the left or right side of the slider (standard).
- C = Center Fabric stacks to the center of the slider, with the opposing ends of the stack drawing to opposite ends of the slider.
- S = Split Fabric is split in the center of the slider forming two equal panels which open to opposite ends of the slider.
- D = Dual Panel Slider has center opening with a different fabric on each side, each of which can span the full width of the window.

Ovation Valance Dimensions

Valance Height: 1 7/8"
Standard Return Length (OB only - custom lengths are available): 3 1/8"

Shipping Charges - Comfortex will ship all orders for fabricated shades freight free via UPS, FedEx Ground or other similar method within the continental United States. Shades with widths of 98" or more or do not meet the size and weight requirements of UPS or FedEx Ground are required to ship by motor freight. A \$65.00 Common Carrier surcharge will be added for all orders shipped within the continental United States which required to ship by motor freight. A per unit transportation surcharge will be added to all orders. See freight policy at www.comfortexdealers.com for more details and for freight policy for Hawaii and Alaska.
